

MULHALL SEEMS  
IN BIG DEMANDSenate Committee Outwits House  
in Securing Witnesses.

AGENT BEGINS LONG STORY

Former Lobbyist for the National Association of Manufacturers is on the Stand About Two Hours—Committee Makes Only Faint Impression on Huge Pile of Letters in Its Possession.

Washington, July 12.—After an effort to settle the question of whether the senate lobby investigators or the new house committee should stage the inquiry into the confession of Colonel M. M. Mulhall diplomatic negotiations were broken off and the senate committee called Colonel Mulhall at a night session.

Senator Overman had announced earlier that no session would be held at night, but the meeting was decided on after Chairman Garrett of the house committee had armed sergeant-at-arms with subpoenas and sent them scurrying about Washington after Colonel Mulhall and J. H. McMichael, who was charged by Mulhall with having acted as paid informant of the National Association of Manufacturers' lobbyists while employed on the floor of the house.

This terminated a day of jurisdictional conflict. The Garrett committee had asked Senator Overman for at least copies of the Mulhall correspondence. The senate committee had decided not to surrender the original papers.

After the house committee met it recessed to allow Representatives Garrett, Russell and Nolan to go to the senate committee and renew the request for the "papers." This time they were officially refused.

Strenuous Executive Session.

Back to their side of the Capitol went the disappointed house investigators and a strenuous executive session was held. Balked in the effort to obtain the papers the committee decided to do the next best thing.

Although both Colonel Mulhall and McMichael were under subpoena by the senate committee the house committee issued subpoenas for them forthwith.

Sergeant-at-arms were at once dispatched to serve the subpoenas. Within half an hour after the house committee had decided on this course and Representative Garrett had issued a statement saying that Colonel Mulhall would be put on the stand Senator Overman announced his night session.

Mulhall was on the stand about two hours. The committee made only a faint impression on the huge pile of letters, but enough was read into the record to show Mulhall's alleged relations with Marshall Cushing, former secretary of the Manufacturers' association.

These relations, the testimony showed, began in 1903 and Mulhall was first employed to work against an eight-hour bill favored by the late Senator McComas of Maryland.

Mulhall admitted frankly that he had worked to defeat the McComas forces in Maryland, while he was still posing as the senator's friend.

Speaker Clark Gets Denial Before Lobby Committee.

Washington, July 12.—Speaker Champ Clark interrupted the senate lobby inquiry to place on the record an emphatic denial of every statement made by David Lamar and Edward Lauterbach in their stories told to Lewis Cass Ledyard connecting him with Morgan &amp; Co.

Speaker Clark made a statement relating to the use of his name by David Lamar and Edward Lauterbach. He testified he had never had anything to do with Lamar, Lauterbach or any of the men mentioned by them.

J. Pierpont Morgan he said, he saw at a gridiron dinner in Washington several years ago at which former President Roosevelt and former Senator Foraker engaged in a joint debate.

## SIEGE OF CHIHUAHUA ENDS

Rebels Who Have Been Menacing City Withdrawn.

Chihuahua, Mex., July 12.—Rebels who have been menacing this city for several weeks have withdrawn. Divided into three columns they have taken quarters at Aldama, Mapula and El Charro. Reliable estimates place their total strength at not more than 1,500.

Unconfirmed reports reaching here are to the effect that General Pascual Orozco, with 100 federal irregulars, reached Jimenez on Monday en route to relieve the Chihuahua garrison.

McCombs' Recovery Is Rapid.

Paris, July 12.—So satisfactory is the progress made by William F. McCombs, chairman of the Democratic national committee, toward convalescence since his recent operation for appendicitis that his doctors believe he will be able to leave the hospital at a comparatively early date.

BULGARIANS IN  
FULL RETREATGreeks Completely Rout General  
Ivanoff's Forces.

CAPTURE NUMBER OF GUNS

Brilliant Charge on Strong Position Under Cover of Darkness Results in Hurried Evacuation by Bulgarians. Russia Taking Steps to Secure Cessation of Hostilities.

Athens, July 12.—General Ivanoff's army, with three divisions of the 1st force, aggregating 112 battalions, made its last stand in a strongly entrenched position near Demirhisar, on the left bank of the river Struma, and on the adjacent heights of Intrina, which were well defended with siege artillery.

Under cover of darkness in a brilliant charge the Greeks drove the Bulgarians across the Struma. The Bulgarians destroyed the railway for some distance, checking the Greek advance.

The Greeks then directed their march along the right bank of the river, supported by mountain batteries, and compelled the Bulgarians hurriedly to abandon their positions, leaving behind four heavy guns and a quantity of ammunition.

The Greeks also attacked and dispersed the Bulgarian forces from Isip, capturing twenty guns. General Ivanoff's rout was complete.

Settlement of Balkan War May Prove Hard Task.

London, July 12.—Having failed in her hazardous coup Bulgaria is now showing herself anxious for peace.

It is feared the settlement will prove a long task, many new elements having entered.

Russia is already taking steps in the Balkan capitals to arrange for a cessation of hostilities.

## HANG CONVICT FOR ASSAULT

Murderer Pays Death Penalty for Attack on Guard.

Sacramento, July 12.—Jacob Oppenheimer, whom criminologists have termed one of America's most extraordinary convicts, was hanged at Folsom prison. Though he killed two men it was not for murder that Oppenheimer gave up his life. His crime was an attack on a fellow prisoner and his is said to be the first case in this country of a felon being executed for simple assault.

While serving a life sentence in San Quentin he attacked a guard and later a fellow prisoner and for the latter assault he was sentenced to death under California's law enacted in 1907, making an attack by a convict on a guard or fellow prisoner a capital offense.

## WILL TEST POWER OF PROBE

Right to Force Witness to Testify to Be Put Up to Court.

Washington, July 12.—Steps to have the supreme court pass upon the inquisitorial powers of the money trust committee of the last congress, and eventually the powers of like committees, were begun with an appeal by George G. Henry, a New York lawyer, from the decision of a New York federal court, which refused to release him from custody on a habeas corpus proceeding.

Henry was indicted and arrested for contempt because he refused to tell the Pujo committee the names of twenty-four bankers who participated in an operation in California petroleum stock.

## CARELESSNESS ON WARSHIP

Accident on Board Louisiana Is Blamed to Crew.

Washington, July 12.—Carelessness in repairing a leaky gasket caused the accident aboard the battleship Louisiana off Newport, R. I., recently, when the bonnet of a big sea valve came off and threatened the ship with scuttling.

This was the report of the board of inquiry and Secretary Daniels sent letters to the engineer officer and the machinist admonishing them.

Legislative Committee Acquits Justice of Misconduct.

Albany, N. Y., July 12.—Supreme Court Justice Daniel F. Cohalan was exonerated from the charges of misconduct preferred by the grievance committee of the Bar association of New York.

This was the culmination of a four days' trial before the senate and findings were reached by a practically unanimous vote.

A subcommittee of six was appointed to formulate the report for submission to the legislature next Wednesday evening.

The charges which the subject of inquiry were based on alleged dealings between Justice Cohalan and John A. Connolly, former president of the Victor Heating Company of New York.

They embodied alleged payments by Connolly to Cohalan for political influence in procuring New York contracts for the Victor company.

Important Conference at White

House Monday.

Washington, July 12.—The meeting at the White House scheduled for Monday between President Wilson, railroad officials and representatives of the employees' union will take place as planned, according to an announcement by Secretary Wilson of the department of labor.

"Both the representatives of the railway managers and the unions will be present at the conference," the secretary said.

The object of the conference, Secretary Wilson explained, is not altogether to avert a strike of trainmen on Eastern railroads, but to discuss and arrange a common ground on which the government, the railways and the employees' unions can meet in the settlement of future wage troubles.

## POSTPONES LAMAR INQUIRY

Federal Grand Jury Investigates Impersonation of Officer.

New York, July 12.—Investigation of the federal grand jury into the activity of David Lamar in the so called Union Pacific conspiracy was adjourned until Monday, after four more witnesses had been examined under the United States statute which provides punishment for impersonating an officer or employee of the government.

District Attorney Whitman has assigned an assistant to watch developments, with a view to placing the matter before a county grand jury also.

TO STOP SELLING  
COTTON FUTURES

Democrats Doubt Whether Plan Is Good Policy.

IT MIGHT LOWER PRICES.

Congressman Rucker Learning Who Really Runs the House—Senator Kern Too Easy as Chairman of Democratic Caucus, So Johnston Is Substituted, and Things Hum.

By ARTHUR W. DUNN.

Washington, July 12.—[Special.]—Much doubt is expressed by many Democrats as to whether it is good policy to attempt reforms in a tariff bill, not reforms of the tariff, but regulation of speculation on the stock exchanges. By incorporating an amendment regulating the sale of cotton futures, practically making such sales prohibitive for speculation purposes, the framers of the tariff bill in the senate have opened the way to amendments relative to all kinds of agricultural products and stocks. The effect would be to prohibit the sales of stock unless the stock was actually to be delivered.

While Democratic senators voted for that provision many did so with reluctance, for they fear that it will lead to much more than was at first intended. Besides, they claim that such legislation should have no place on a tariff bill.

Producers Undecided.

Producers of cotton and other products in which there is much speculation are undecided as to whether or not it is a good thing to wipe out the speculation in these articles. They fear that it will result in lowering prices by reason of the fact that much more cotton, wheat, pork and numerous products are sold than ever delivered and that the sales may have a tendency to keep up prices. However, there has been a decided movement against the stock exchanges in the last few years which finds expression in congress.

No doubt such a bill as that proposed twenty years ago by Senator Washburn of Minnesota and Congressman Hatch of Missouri might find considerable favor if presented now. It was called the anti-option bill and prohibited speculation in farm products.

"Who Run the House."

Congressman Rucker of Missouri made a motion in the house, and one of the leaders made an explanation of why it should not be adopted. "I realize," said Rucker, with some warmth, "that my motion may not be acceptable to those who want to run the house. I am not trying to run it. I am not attempting to encroach upon the prerogatives of any one who thinks he has the right or who wants to arrogate to himself the authority to run the house."

Rucker is finding out that the Democratic house does not differ from the Republican house as to management. A few men "run" it in either event.

Hughes Plowed Cotton.

Congressman Hughes of Georgia tells how during one of his close campaigns he plowed cotton for "a considerable spell" while he talked politics to a farmer. The farmer wouldn't stop plowing, so Hughes walked beside him. Then Hughes took hold of the plow and handled it while the farmer walked alongside talking. But it was a well spent effort, as the result from the district showed when the votes were counted. Hughes said it was the best "farming" he ever did when the results were figured.

Johnston Pushed Things.

Senator Kern is a good majority leader, but his position entitles him to be chairman of the Democratic caucus. In this position he is too easy—too much inclined to let every senator with a speech infringe upon the time and patience of other senators. When the consideration of the tariff bill in caucus dragged along with easy going methods Senator Johnston of Alabama was selected to preside during the absence of Kern, and he pushed things along at a surprising speed. Many of the disputed items were cleared up, and in a short time the bill was completed. They are giving the Alabama senator credit for his effective work.

Fear Government Ownership.

Fear has been expressed by several substantial thinking men that government ownership of railroads is nearer than ever before. The demands of employees for increased wages and the claim of railroads that such increases are impossible seem to tend in the direction of further government control, especially if disagreements should result in a long continued tieup of the transportation lines. Congressmen hesitate about taking any step looking to government ownership.

The Slow Body.

All the time it is pointed out that the senate is "slow" and fails to enact important legislation speedily. Not long ago a bill was presented to the senate providing for a better system of arbitration to prevent strikes. The senators in charge said it was immediate and important; that it should be passed without any delay. With a few hours' consideration, the senate passed this emergency bill. It has been hanging up in the house for weeks. The house is often the "slow body" in legislation.

## TARIFF DEBATE IN

## SENATE NEXT WEEK

North Dakotan Will Assail Agricultural Schedule.

Washington, July 12.—Discussion of the Underwood-Simmons tariff revision bill, with its lengthy free list, greatly reduced rates on all commodities and its new system of ad valorem instead of specific rates, will begin actually in the senate Wednesday at noon.

On Monday, however, the opening assault upon the Democratic measure will be made by Senator McCumber of North Dakota, who will speak on the agricultural schedule.

The finance committee agreed that he should be given the floor ahead of the formal opening because he is obliged to leave Washington Monday night.

Chairman Simmons, speaking for the Democrats at the finance committee meeting, said he thought debate on the bill could be concluded in five weeks.

Senator Clapp declared that he thinks the whole bill is extreme in articles placed on the free list, especially products of agriculture.

"While I am not sure at this time to try and make the bill more reasonable in its provisions," said Senator Clapp.

"The Democrats have gone too far in making such a large free list, just as the Republicans went too far in their last tariff bill in having high tariffs."

Majority Members of Banking and Currency Committee Amend Bill to Provide That Four Members of the Board to Be Named by the President Shall Be Distributed Geographically.

Washington, July 12.—The administration plan for a government controlled federal reserve board to administer the entire banking system, provided for in the Glass currency bill, was endorsed, practically without amendment by the Democratic members of the house banking and currency committee.

After some discussion they agreed on the proposed salary of \$10,000 a year for each member of the board. The bill was amended, however, to provide that the four members of the board to be appointed by the president should be distributed geographically throughout the country and to require that they should devote all of their time to their duties on the board.

Satisfied with the work of the conference during the last two days on the bill the Democrats of the committee adjourned until Monday.

The conference considered the terms on which state banks may become members of the regional reserve banks and the division of earnings. The provision limiting shareholders to an annual cumulative dividend of 5 per cent was approved.

It was agreed that all of the net earnings of the reserve banks above the 5 per cent cumulative dividends to the stockholders should be paid to the United States government, the 20 per cent surplus of each bank remaining the property of the government so as to put the stockholding banks at all times on an equal basis.

## MULHALL SEEMS IN BIG DEMAND

Senate Committee Outwits House in Securing Witnesses.

AGENT BEGINS LONG STORY

Former Lobbyist for the National Association of Manufacturers is on the Stand About Two Hours—Committee Makes Only Faint Impression on Huge Pile of Letters in Its Possession.

Washington, July 12.—After an effort to settle the question of whether the senate lobby investigators or the new house committee should stage the inquiry into the confession of Colonel M. M. Mulhall diplomatic negotiations were broken off and the senate committee called Colonel Mulhall at a night session.

Senator Overman had announced earlier that no session would be held at night, but the meeting was decided on after Chairman Garrett of the house committee had armed sergeant-at-arms with subpoenas and sent them scurrying about Washington after Colonel Mulhall and J. H. McMichael, who was charged by Mulhall with having acted as paid informant of the National Association of Manufacturers' lobbyists while employed on the floor of the house.

This terminated a day of jurisdictional conflict. The Garrett committee had asked Senator Overman for at least copies of the Mulhall correspondence. The senate committee had decided not to surrender the original papers.

After the house committee met it recessed to allow Representatives Garrett, Russell and Nolan to go to the senate committee and renew the request for the "papers." This time they were officially refused.

Strenuous Executive Session.

Back to their side of the Capitol went the disappointed house investigators and a strenuous executive session was held. Balked in the effort to obtain the papers the committee decided to do the next best thing.

Although both Colonel Mulhall and McMichael were under subpoena by the senate committee the house committee issued subpoenas for them forthwith.

Sergeant-at-arms were at once dispatched to serve the summons. Within half an hour after the house committee had decided on this course and Representative Garrett had issued a statement saying that Colonel Mulhall would be put on the stand Senator Overman announced his night session.

Mulhall was on the stand about two hours. The committee made only a faint impression on the huge pile of letters, but enough was read into the record to show Mulhall's alleged relations with Marshall Cushing, former secretary of the Manufacturers' association.

These relations, the testimony showed, began in 1903 and Mulhall was first employed to work against an eight-hour bill favored by the late Senator McComas of Maryland.

Mulhall admitted frankly that he had worked to defeat the McComas forces in Maryland, while he was still posing as the senator's friend.

SIEGE OF CHIHUAHUA ENDS

Rebels Who Have Been Menacing City Withdrawn.

Chihuahua, Mex., July 12.—Rebels who have been menacing this city for several weeks have withdrawn. Divided into three columns they have taken quarters at Aldama, Mapula and El Charro. Reliable estimates place their total strength at not more than 1,500.

Unconfirmed reports reaching here are to the effect that General Pascual Orozco, with 100 federal irregulars, reached Jimenez on Monday en route to relieve the Chihuahua garrison.

McCombs' Recovery Is Rapid.

Paris, July 12.—So satisfactory is the progress made by William F. McCombs, chairman of the Democratic national committee, toward convalescence since his recent operation for appendicitis that his doctors believe he will be able to leave the hospital at a comparatively early date.

## BULGARIANS IN FULL RETREAT

Greeks Completely Rout General Ivanoff's Forces.

CAPTURE NUMBER OF GUNS

Brilliant Charge on Strong Position Under Cover of Darkness Results in Hurried Evacuation by Bulgarians. Russia Taking Steps to Secure Cessation of Hostilities.

Athens, July 12.—General Ivanoff's army, with three divisions of the Istip force, aggregating 112 battalions, made its last stand in a strongly entrenched position near Demirhisar, on the left bank of the river Struma, and on the adjacent heights of Intrina, which were well defended with siege artillery.

Under cover of darkness in a brilliant charge the Greeks drove the Bulgarians across the Struma. The Bulgarians destroyed the railway for some distance, checking the Greek advance.

The Greeks then directed their march along the right bank of the river, supported by mountain batteries, and compelled the Bulgarians hurriedly to abandon their positions, leaving behind four heavy guns and a quantity of ammunition.

The Greeks also attacked and dispersed the Bulgarian forces from Istip, capturing twenty guns. General Ivanoff's rout was complete.

BULGARIA READY FOR PEACE

Settlement of Balkan War May Prove Hard Task.

London, July 12.—Having failed in her hazardous coup Bulgaria is now showing herself anxious for peace.

It is feared the settlement will prove a long task, many new elements having entered.

Russia is already taking steps in the Balkan capitals to arrange for a cessation of hostilities.

HANG CONVICT FOR ASSAULT

Murderer Pays Death Penalty for Attack on Guard.

Sacramento, July 12.—Jacob Oppenheimer, whom criminalologists have termed one of America's most extraordinary convicts, was hanged at Folsom prison. Though he killed two men it was not for murder that Oppenheimer gave up his life. His crime was an attack on a fellow prisoner and his is said to be the first case in this country of a felon being executed for simple assault.

While serving a life sentence in San Quentin he attacked a guard and later a fellow prisoner and for the latter assault he was sentenced to death under California's law enacted in 1907, making an attack by a convict on a guard or fellow prisoner a capital offense.

WILL TEST POWER OF PROBE

Right to Force Witness to Testify to Be Put Up to Court.

Washington, July 12.—Steps to have the supreme court pass upon the inquisitorial powers of the money trust committee of the last congress, and eventually the powers of like committees, were begun with an appeal by George G. Henry, a New York banker, from the decision of a New York federal court, which refused to release him from custody on a habeas corpus proceeding.

Henry was indicted and arrested for contempt because he refused to tell the Paju committee the names of twenty-four bankers who participated in an operation in California petroleum stock.

CARELESSNESS ON WARSHIP

Accident on Board Louisiana Is Blamed to Crew.

Washington, July 12.—Carelessness in repairing a leaky gasket caused the accident aboard the battleship Louisiana off Newport, R. I., recently, when the bonnet of a big sea valve came off and threatened the ship with scuttling.

This was the report of the board of inquiry and Secretary Daniels sent letters to the engineer officer and the machinist admonishing them.

FINDS COHALAN NOT GUILTY

Legislative Committee Acquits Justice of Misconduct.

Albany, N. Y., July 12.—Supreme Court Justice Daniel F. Cohalan was exonerated from the charges of misconduct preferred by the grievance committee of the Bar association of New York.

This was the culmination of a four days' trial before the senate and assembly judiciary committees. The findings were reached by a practically unanimous vote.

A subcommittee of six was appointed to formulate the report for submission to the legislature next Wednesday evening.

The charges which the subject of inquiry were based on alleged dealings between Justice Cohalan and John A. Connolly, former president of the Victor Heating Company of New York.

They embodied alleged payments by Connolly to Cohalan for political influence in procuring New York contracts for the Victor company.

## MAY AVERT STRIKE ON EASTERN LINES

Important Conference at White House Monday.

Washington, July 12.—The meeting at the White House scheduled for Monday between President Wilson, railroad officials and representatives of the employees' union will take place as planned, according to an announcement by Secretary Wilson of the department of labor.

Both the representatives of the railway managers and the unions will be present at the conference," the secretary said.

The object of the conference, Secretary Wilson explained, is not altogether to avert a preventing the threatened strike of trainmen on Eastern railroads, but to discuss and arrange a common ground on which the government, the railways and the employees' unions can meet in the settlement of future wage troubles.

POSTPONES LAMAR INQUIRY

Federal Grand Jury Investigates Impersonation of Officer.

New York, July 12.—Investigation of the federal grand jury into the activity of David Lamar in the so called Union Pacific conspiracy was adjourned until Monday, after four more witnesses had been examined under the United States statute which provides punishment for impersonating an officer or employee of the government.

District Attorney Whitman has assigned an assistant to watch developments, with a view to placing the matter before a county grand jury also.

Collision Is Fatal to One.

Alliance, O., July 12.—An unidentified girl about thirteen years old was killed, two persons were seriously injured and half a dozen others received minor injuries when two empty steel cars of the Lake Erie, Alliance and Wheeling railroad crashed into a Cleveland and Pittsburg passenger train here.

## TO STOP SELLING COTTON FUTURES

Democrats Doubt Whether Plan Is Good Policy.

IT MIGHT LOWER PRICES.

Congressman Rucker Learning Who Really Runs the House—Senator Kern Too Easy as Chairman of Democratic Caucus, So Johnston Is Substituted, and Things Hum.

By ARTHUR W. DUNN.

Washington, July 12.—[Special.]—Much doubt is expressed by many Democrats as to whether it is good policy to attempt reforms in a tariff bill, not reforms of the tariff, but regulation of speculation on the stock exchanges. By incorporating an amendment regulating the sale of cotton futures, practically making such sales prohibitive for speculation purposes, the framers of the tariff bill in the senate have opened the way to amendments relative to all kinds of agricultural products and stocks. The effect would be to prohibit the sales of stock unless the stock was actually to be delivered.

While Democratic senators voted for that provision many did so with reluctance, for they fear that it will lead to much more than was at first intended. Besides, they claim that such legislation should have no place on a tariff bill.

Producers Undecided.

Producers of cotton and other products in which there is much speculation are undecided as to whether or not it is a good thing to wipe out the speculation in these articles. They fear that it will result in lowering prices by reason of the fact that much more cotton, wheat, pork and numerous products are sold than ever delivered and that the sales may have a tendency to keep up prices. However, there has been a decided movement against the stock exchanges in the last few years which finds expression in congress.

No doubt such a bill as that proposed twenty years ago by Senator Washburn of Minnesota and Congressman Hatch of Missouri might find considerable favor if presented now. It was called the anti-option bill and prohibited speculation in farm products.

"Who Run the House?"

Congressman Rucker of Missouri made a motion in the house, and one of the leaders made an explanation of why it should not be adopted. "I realize," said Rucker, with some warmth, "that my motion may not be acceptable to those who want to run the house. I am not trying to run it. I am not attempting to encroach upon the prerogatives of anyone who thinks he has the right or who wants to arrogate to himself the authority to run the house."

Rucker is finding out that the Democratic house does not differ from the Republican house as to management. A few men "run" it in either event.

Hughes Plowed Cotton.

Congressman Hughes of Georgia tells how during one of his close campaigns he plowed cotton for "a considerable spell" while he talked politics to a farmer. The farmer wouldn't stop plowing, so Hughes walked beside him. Then Hughes took hold of the plow and handled it while the farmer walked alongside talking. But it was a well spent effort, as the result from the district showed when the votes were counted. Hughes said it was the best "farming" he ever did when the results were figured.

Johnston Pushed Things.

Senator Kern is a good majority leader, but his position entitles him to be chairman of the Democratic caucus. In this position he is too easy—too much inclined to let every senator with a speech infringe upon the time and patience of other senators. When the consideration of the tariff bill in caucus dragged along with easy going methods Senator Johnston of Alabama was selected to preside during the absence of Kern, and he pushed things along at a surprising speed. Many of the disputed items were cleared up, and in a short time the bill was completed. They are giving the Alabama senator credit for his effective work.

Fear Government Ownership.

Fear has been expressed by several substantial thinking men that government ownership of railroads is nearer than ever before. The demands of employees for increased wages and the claim of railroads that such increases are impossible seem to tend in the direction of further government control, especially if disagreements should result in a long continued tieup of the transportation lines. Congressmen hesitate about taking any step looking to government ownership.

The Slow Body.

All the time it is pointed out that the senate is "slow" and fails to enact important legislation speedily. Not long ago a bill was presented to the senate providing for a better system of arbitration to prevent strikes. The senators in charge said it was immediate and important; that it should be passed without any delay. With a few hours' consideration, the senate passed this emergency bill. It has been hanging up in the house for weeks. The house is often the "slow body" in legislation.

The Makeup Forces.

Havana, July 12.—Senators and representatives affiliated with the Asbert faction at a secret meeting declared they are satisfied with General Asbert's innocence in the killing of General Riva.

President Menocal has expressed his intention to proceed at all hazards with the prosecution of the accused in vindication of law and order.

## TARIFF DEBATE IN SENATE NEXT WEEK

North Dakotan Will Assail Agricultural Schedule.

Washington, July 12.—Discussion of the Underwood-Simmons tariff revision bill, with its lengthy free list, greatly reduced rates on all commodities and its new system of ad valorem instead of specific rates, will begin actually in the senate Wednesday at noon.

On Monday, however, the opening assault upon the Democratic measure will be made by Senator McCumber of North Dakota, who will speak on the agricultural schedule.

The finance committee agreed that he should be given the floor ahead of the formal opening because he is obliged to leave Washington Monday night.

Chairman Simmons, speaking for the Democrats at the finance committee meeting, said he thought debate on the bill could be concluded in five weeks.

Senator Clapp declared that he thinks the whole bill is extreme in articles placed on the free list, especially products of agriculture.

"While I am not sure at this time what amendments I shall offer I intend to try and make the bill more reasonable in its provisions," said Senator Clapp.

"The Democrats have gone too far in making such a large free list, just as the Republicans went too far in their last tariff bill in having high tariffs."

House Democrats Approve Plan in Currency Measure.

PLACE SALARIES AT \$10,000

Majority Members of Banking and Currency Committee Amend Bill to Provide That Four Members of the Board to Be Named by the President Shall Be Distributed Geographically.

Washington, July 12.—The administration plan for a government controlled federal reserve board to administer the entire banking system, provided for in the Glass currency bill, was indorsed, practically without amendment by the Democratic members of the house banking and currency committee.

After some discussion they agreed on the proposed salary of \$10,000 a year for each member of the board.

The bill was amended, however, to provide that the four members of the board to be appointed by the president should be distributed geographically throughout the country and to require that they should devote all of their time to their duties on the board.

Satisfied with the work of the conference during the last two days on the bill the Democrats of the committee adjourned until Monday.

attorney of Calumet county that it  
is no crime to sit around in a saloon  
on Sunday provides nothing is sold.  
There is friction between the liquor  
interests and those who have been ac-  
tive in enforcing the laws in that  
state regarding the regulation of  
saloons, and application for the ar-  
rest of men in other lines of business  
brings out the opinion that a can-  
ning factory has no business to be  
operated on Sunday, neither the  
keeping open of a cheese factory  
nor the sale of wearing apparel, as  
only work of necessity is legal and  
this point must be established to  
escape penalty.

SATURDAY, JULY 12, 1913.

THE WEATHER

Temperature record taken at Gull  
lake dam, by caretaker, Arthur L.  
Sampel.  
July 11, maximum 72, minimum  
54. Rainfall, 1.26 inches.

The man who rocks the boat is  
taking equal chances with the speed-  
ing automobilist.

It is generally understood that the  
2-cent passenger rate will go into  
effect on Monday, July 14.

St. Louis county is the second in  
which a jury has returned a five-  
sixth verdict, under the law adopted  
by the last legislature.

The blueberry crop of Northern  
Minnesota is reported to be just nor-  
mal this year, and is somewhat later  
in making its appearance in the  
market than usual.

Two men seem to have been selected  
by the progressives from which to  
select a candidate for governor at the  
next election. Senator Gunderson  
and James Manahan, congress-  
man, are the men the managers are  
exploiting for the place.

Virginia is considering an ordi-  
nance requiring automobile drivers to  
take out a city license for which the  
fee will be \$25 annually, and the li-  
cense to control the stand where the  
automobiles may establish them-  
selves for transient business.

A pardon is being sought for Dr.  
Dumas, former mayor of Cass Lake,  
convicted on an arson charge and given  
a five year sentence in the state  
penitentiary. The trial was one of  
the most sensational in the state for  
years. The aged father of the con-  
vict is pleading for his son's release.

The new law increasing the gross  
earning tax on railroads of Minne-  
sota from 4 to 5 per cent will mean that  
they will pay a million dollars more  
into the state treasury this year than  
ever before, and the entire tax they  
will pay this year will approximate  
\$5,000,000.

Sappho was the first suffragette  
and president of the first woman's  
club, according to Dr. Mitchell Car-  
roll. She organized the club 900  
years B. C. and the members wore  
hobble skirts and used curling irons  
to crimp the hair. Really, one would  
think there was nothing new under  
the sun.

According to a colored porter ar-

rested for non-support of his wife,  
the average wage received by them  
is \$60 per month, \$25 of which is  
paid by the company and the other  
\$35 is contributed by the public in  
tips. The less the salary of porters  
and waiters the more insistent they  
are in bleeding the public.

Public service corporations using  
aerial wires must string the same so  
as not to interfere with the growth  
of shade trees is the decree handed  
down by the state supreme court.  
The decision was the result of an  
action brought by a realty company  
against a telephone company and it  
establishes the rights of cities and  
property owners in matters of this  
kind.

Kansas City has taken up the mat-  
ter of public dance halls and also pri-  
vate dances, and in the former where  
dances are held in public halls a  
rule is being enforced that partners  
must stay at least eight inches apart,  
while the dispatches say that in the  
private dances "the squeeze, ragging  
dance prevails to a great extent."  
Just how Kansas City inspectors keep  
the partners apart the required dis-  
tance is not stated, but we presume  
that sticks with brads in are affixed  
the same as on horses and oxen that  
crowd when being driven double, to  
make them keep their proper place.

The village of Walker is somewhat  
torn up over alleged irregularities  
in the payment of a warrant of  
\$100 to the village assessor, John  
King. It seems that the warrant  
was issued without being voted on  
by the village council, and as there  
is some friction there the bill was  
disallowed when it did come up for  
approval the point being made that  
the assessor had already received  
his money. Trustee Krueger has  
precipitated a war by demanding  
the return of one hundred dollars  
by Mayor Chas. Kinkele, together  
with his resignation as mayor of the  
village.

The attorney general of Wiscon-  
sin gives out an opinion to the county  
attorney of Calumet county that it  
is no crime to sit around in a saloon  
on Sunday provides nothing is sold.  
There is friction between the liquor  
interests and those who have been ac-  
tive in enforcing the laws in that  
state regarding the regulation of  
saloons, and application for the ar-  
rest of men in other lines of business  
brings out the opinion that a can-  
ning factory has no business to be  
operated on Sunday, neither the  
keeping open of a cheese factory nor  
the sale of wearing apparel, as  
only work of necessity is legal and  
this point must be established to  
escape penalty.

## BRAINERD VS. LITTLE FALLS

Big Games Scheduled for Sunday Afternoon and Monday Evening, July 13 and 14

### TO BE DOMINICK AGAINST COOK

Tom Shirley, Extra Fielder, Has been Secured from St. Paul—Is a Good Hitter

Brainerd's team is being reinforced for its two game series with Little Falls on Sunday afternoon and Monday evening.

Manager Tom Considine announces the securing of an extra fielder to brace up the outer garden. This is Tom Shirley, of St. Paul, who was formerly with the Minne-Wisconsin league and also the North Sides of St. Paul. He is a hard hitter and a good fielder.

Brainerd's lineup will be about like this: Cook pitcher, Bud Roderick catcher, Laurerman first base, Larson second base, Erickson shortstop, Templeton third base, Sheffield or Ira Roderick center field, Shirley left field, Bush right field.

The boys realize they will face a team which exceeds in ability the old nine of the down river town. The Little Falls bunch has been winning steadily and has been playing constantly.

The Sunday afternoon game has been called for 2:30 and this early hour was selected in order to give the Merchants and Drummers teams a chance to play immediately following the big game. The Monday evening game is scheduled for 6 o'clock sharp.

### BOOSTERS MEETING

Urge the City Council to Use Every Effort to Secure Street Railway Service

The Boster club met at the offices of Attorney George H. Gardner on Friday evening. The club went on record as urging the city council to use every effort to secure street railway service for Brainerd.

Alderman A. Mahlum said he had viewed the situation from every angle and that nothing was to be lost but everything to be gained by the institution of this improvement. Some people cautioned him to "Go Slow," but Brainerd had been going slow for forty years. The franchise could be so drawn as to safeguard the city's interests on all sides.

Three new members were accepted. The secretary was instructed to write the water and light board for figures

## M. E. CHURCH DEDICATION

Special to The Brainerd Dispatch: Crosby, Minn., July 12—The Methodist Episcopal church is to be dedicated Sunday and the services will be held in the afternoon and evening. Rev. Elbert E. Satterlee, pastor of the First Methodist Episcopal church of Brainerd, is to take part in the program. Dr. M. P. Burns, of Minneapolis, will also speak. It is expected that Rev. Charles Fox Davis, of Minneapolis and formerly of Brainerd, well known in Crosby and the range, will also be present and take part in the exercises.

on the cost of burning the four bracket lights on the ornamental lamp posts and to send such report and a communication from the club urging on the council the advisability of having all street lights illuminate the business section for a few hours each evening.

The drill corps of the Boosters is to be continued and a meeting will soon be called for further practice. All Boosters were requested to wear the big Booster button to the Merchants and Clerks picnic at Merri-field on Wednesday, August 6.

The plans for the pushing of home products are being perfected and the prize essay competition will soon be announced.

Frank G. Wright treated the assembly to cigars.

## DEVELOPMENTS OF WEEK ON RANGE

North Range a Hive of Industry—The Cuyuna-Duluth Mine at Iron- to Ship Soon

### 500 SHIPPING 150 CARS DAILY

Exploration Work at Deerwood—Another Shaft for Barrows is Reported

The north range of the Cuyuna Iron range is a hive of industry and the south range will shortly emulate the north. The Cuyuna-Duluth shaft at Iron-ton is 232 feet deep. At the 200 foot level Capt. William Pascoe has drifted a distance of 100 feet. It is expected to ship from this mine the latter part of July. The hoist is in shape, and all bins, pockets, switches and sidetracks completed. The skips will be hung in two or three days. All steam is generated in the new power house. This mine has the record for being sunk the quickest of any property on the range. On Thanksgiving afternoon, of 1912, Capt. William Pascoe ordered the first dirt thrown from the shaft site and now within eight months the mine is about ready to ship. This is without doubt the best record ever made on the Cuyuna range and the shaft is timbered and not cement either. The hoisting engine is set. It has a 14 by 20 inch stroke and is double acting.

All water is now out of the Cuyuna-Mille Lacs mine which is located north of Iron-ton and Crosby. A large Burnham pump will be installed on the lower level and within a week hoisting will probably commence from both levels.

The Armour No. 2 has cleaned up its stockpile. The Armour No. 1 is working a double shift. The Kennedy mine at Cuyuna is shipping from the mine and the stockpile.

The Soo Line is now handling about 150 cars of ore a day. The trains are assembled at Iron Hub, to the east of Cuyuna. A switch engine is constantly on duty there. With the completion of the Iron Mountain Mining company extension, it is anticipated that the Soo will build a round-house at Iron Hub, which at present is a coaling and water station. Fifty car trains are run to Lawler and from thence to Superior.

Capt. Lawry is the captain now in charge at the Adams mine at Ore-land and he makes his home at Deerwood.

There is great activity in drilling right in the village limits of the town of Deerwood whose interests center largely in the south range. Mrs. Charles G. Osterlund, of Deerwood, has optioned 40 acres in section 16 in the village to be explored for iron ore. Attorney William C. White, heavily interested in the Ore-lands Mining company and a large holder of range properties, has a drill exploring the Morford land in the village limits. The Carlsons are doing the drilling and the land lies at the southeast corner of Reno lake.

At the hydraulic mine of the Pittsburg Steel Ore company the ore lies exposed for quite a distance, 45 feet of overburden having been removed. Another giant is being added with a nozzle four inches in diameter and exerting a force of from 90 to 100 pounds to the square inch. Three drills are operating on the property carefully exploring the property in advance of the hydraulic work. Shipping will not be long delayed here.

The Longyear drills have been operating about four years just south of Cuyuna and it is believed that a large ore body has been located near the town. The Cuyuna-Duluth drills have been drilling north of the town of Cuyuna.

The Barrows mine is clear of water and it is expected that shipping will soon commence. Contrary to the generally accepted report that a test shipment of 7 or 8 cars had been made from the stockpile, the mine superintendent has entered a vigorous denial and asserts that not a single pound of ore has been shipped to date. However, activity of some sort in a shipping way is expected within the next two weeks. There is a rumor to the effect that a shaft is to be sunk south of and adjoining the town of Barrows.

Chas. J. Crosby has conveyed to the Agate Co. an undivided 1-3 interest in the mineral lease and contract covering the southwest quarter of the southeast quarter of section 2, township 46, range 29 and the Agate Co. has conveyed to the Beverly company two assignments of an undivided 1-9 interest each.

Thomas Kileon has given to Wm. Stockman a release of option on land covering the north half of the northeast quarter of section 27, township 47, range 28.

There has been filed an important option for a mining lease covering four forties, as follows: the northwest quarter of the northeast quarter, the northeast quarter of the northwest quarter, the northwest quarter of the northwest quarter, and the southeast quarter of the northwest quarter of section 34, township 47, range 29. Interested in this property are Charles J. O'Connell of Deerwood, owning 4-12, Mary J. O'Connell, of Minneapolis, owning 2-12; Franglin W. Merritt, of Minneapolis, owning 2-12; Frederic W. Paine, of Duluth, owning 4-12 of a mining lease dated June 1, 1908 made by Charles M. Rassat to C. J. O'Connell. A certain ore body has been discovered.

## CATCHES COLD, DRAWS BIG CHECK

LaCrosse, Wis., July 12—Because he caught cold as the result of missing a train at Walker, where he had been a patient in a tuberculosis sanatorium, Henry Knudhammer today received a check for \$300 from the Minnesota & International railway.

erred in the southeast quarter of the northwest quarter. This option for a mining lease has been given by the four grantors named to John T. Jones, of Iron Mountain, Mich., who agrees to pay \$750 cash every quarter beginning September 1, 1913. If he elects to take a sublease he agrees to pay 40 cents a ton royalty on the partly proven forty. On one or more of the other forties the royalty is to be 35 cents. The minimum tonnage to be mined from each forty taken is to be 10,000 the first year, 10,000 tons the second year, 20,000 tons the third year, 20,000 tons the fourth year, 30,000 tons the fifth year, 40,000 tons the sixth year, 50,000 tons the seventh year and 60,000 tons the eighth year and every year thereafter of a 45 year period. This option for a mining lease has been assigned to the Dell Development company by John T. Jones.

The Jones interest are talking of installing a furnace at or near Crosby. John H. Hill, of Iron-ton, has offered \$1,000 for the project if the furnace will be set up in Crosby. Jones is receiving some backing and encouragement and this section of the range is excited over the prospect of acquiring such an industry.

The Oak Hill company has platted the Oak Hill addition to the town of Cuyuna and situated in the south half of the southeast quarter of the southeast of section 30, township 47, range 28.

John H. Hill, of Iron-ton, is plating "Shore Acres" of 80 acres into 2 1/2 acre lots. It is located near his other property, "Pine Grove." Mr. Hill is working to have the Cuyuna Northern railway company establish a flag station in his subdivision.

Formal application for a franchise for a street railway in Brainerd will be made to the city council on Monday evening, July 14, by Geo. Reid, of Duluth, president of the Minnesota Central Railway company.

### LEAVES FOR BEMIDJI

Farewell Meeting to be Conducted by Salvation Army Sunday Evening for Capt. Johnson

### CHARTER COMMISSION

Commissioners Met at Council Chambers Last Night—Shoymen Present a Petition

The charter commission met at the council chambers Friday evening and considered in its entirety the commission form of government which has been drafted. President A. J. Halsted presided. There was received a petition from some of the shoymen asking that the water and light board be done away with.

The charter was carefully gone over and put in shape to submit to the council.

There are some members of the commission, it is said, who desire to submit an alternative proposition, probably the business manager plan of commission government.

## Are You "Going Away."

If so, how is the luggage. Have you a good trunk? How is the hand "luggage."

Look it over and if you feel that yours is not staunch enough to stand the wear incident to the journey, let us show you "traveler's aids."

At \$1.35 we show a matting suit case with a very strong steel frame which is very light in weight yet very durable.

Those who wish something of the best in a trunk will be interested in the fibre trunks we show. We've other kinds.

### CHARTER COMMISSION

Commissioners Met at Council Chambers Last Night—Shopmen Present a Petition

The charter commission met at the council chambers Friday evening and considered in its entirety the commission form of government which has been drafted. President A. J. Halsted presided. There was received a petition from some of the shopmen asking that the water and light board be done away with.

The charter was carefully gone over and put in shape to submit to the council.

There are some members of the commission; it is said, who desire to submit an alternative proposition, probably the business manager plan of commission government.

## DOES NOT INCLUDE ALL GAMES

Omits the One Cuyuna and the Two  
Crosby Games, which were  
Regular Swat FestsCharles Gustafson, who is the official  
scorekeeper of the Brainerd base-  
ball team, has compiled the batting  
averages of the team for the games  
played this season and which in-  
cludes all except the three swat fests  
embraced in the one Cuyuna and the  
two Crosby games.According to Mr. Gustafson's fig-  
ures, First Baseman Lauerman leads  
the bunch with a percentage of .353.  
The averages of each player are:  

Players	Games	AB	H	PCT
Lauerman	4	17	6	.353
Cook	10	31	10	.323
Templeton	10	36	11	.306

The team batting for the 10 games  
is at bat 309 times, 71 hits, and a per-  
centage of .229.

## MANY COMING TO BRAINERD

Little Falls Fans Plan to See the  
Brainerd-Little Falls Game  
Sunday AfternoonLittle Falls Transcript: "Little  
Falls fans have a great desire to see  
the Brainerd aggregation of ball play-  
ers defeated on their home grounds  
before about a thousand Brainerd  
fans and every rooter who can pos-  
sibly arrange to get to Brainerd is  
present.There is a rumor that Brainerd will  
play several "ringers" in Sunday's  
game but the Blues are not worrying  
if the Brainerd manager can find  
players outside of organized ball to  
beat the locals it will be a game worth  
seeing. Dominick will pitch Sun-  
day and Sullivan of Butler will work  
in a game scheduled for Monday eve-  
ning.There was talk of obtaining a spe-  
cial train to take the fans to Brainerd  
but it is not probable that this can  
be done as large numbers of fans have  
already made arrangements to go by  
auto. When the two-cent fare is put  
back into effect it is probable that  
more people will make out of town  
trips for games and specials can prob-  
ably be arranged for."

## Rid Your Children of Worms

You can change fretful, ill-tem-  
pered children into healthy, happy  
youngsters, by ridding them of worms.  
Tossing, rolling, grinding of teeth,  
crying out while asleep, accompanied  
with intense thirst, pains in the  
stomach and bowels, feverishness and  
bad breath, are symptoms that indi-  
cate worms. Kickapoo Worm Killer,  
a pleasant candy lozenge, expels the  
worms, regulates the bowels, restores  
your children to health and happi-  
ness. Mrs. J. A. Brislin, of Elgin,  
Ill., says: "I have used Kickapoo  
Worm Killer for years, and entirely  
rid my children of worms. I would  
not be without it." Guaranteed. All

## IT'S A MISTAKE

Made by Many Brainerd Residents

Many people in a misguided effort  
to get rid of kidney backache, rely on  
plasters, liniments and other make-  
shifts. The right treatment is kid-  
ney treatment and a remarkable rec-  
ommended kidney medicine is Doan's  
Kidney Pills. Brainerd is no excep-  
tion.The proof is at your very door. The  
following is an experience typical of  
the work of Doan's Kidney Pills in  
Brainerd.Mrs. P. M. Bislar, 412 S. Twelfth  
St., Brainerd, Minn., says: "Our ex-  
perience with Doan's Kidney Pills,  
procured at H. P. Dunn's drug store,  
has been very satisfactory. They  
have proven most effective in reliev-  
ing lumbago, dull pains in the loins  
and trouble with the kidney secre-  
tions. About two years ago one of  
my family publicly endorsed Doan's  
Kidney Pills, after using them with  
great benefit. That statement still  
holds good."For sale by all dealers. Price 50

## Unsightly Face Spots

Are cured by Dr. Hobson's Eczema  
Ointment, which heals all skin eruptions.  
No matter how long you have  
been troubled by itching, burning, or  
scaly skin humors, just put a little  
of that soothing antiseptic, Dr. Hob-  
son's Eczema Ointment, on the sores  
and the suffering stops instantly.  
Healing begins that very minute.  
Doctors use it in their practice and  
recommend it. Mr. Allemen, of Lit-  
tleton, Pa., says: "Had eczema on  
forehead; Dr. Hobson's Eczema Oint-  
ment cured it in two weeks." Guar-
